

Motion to Commit With Instructions

_____ moves to commit the bill H.R. 3590 to the Committee on Finance with instructions to report the same back to the Senate with changes that include applying the amendments made by section 3201(g) (related to Grandfathering Supplemental Benefits for Current Enrollees) to all individuals enrolled in a Medicare Advantage plan under part C of title XVIII of the Social Security Act as of the date of enactment, in order to ensure the following:

That the 10,600,000 seniors enrolled in Medicare Advantage can continue to keep the benefits they have and may continue to benefit from the protection against traditional Medicare's significant out-of-pocket costs, wellness programs, and vision, hearing, and dental benefits that they have come to rely on.

That the Senate does not cut benefits in a program that disproportionately benefits low-income and minority

seniors by providing protection from higher out-of-pocket spending.

That the approximately \$5,000,000,000 “Grandfathering” protections under the amendments made by section 3201(g), which provide Medicare Advantage enrollees in certain States, including Florida, protection from a 64 percent cut in benefits under the Medicare Advantage program under part C, are also provided to the following:

The 181,304 Medicare Advantage enrollees in Alabama.

The 462 Medicare Advantage enrollees in Alaska.

The 329,157 Medicare Advantage enrollees in Arizona.
